Great art picks up where nature ends. – Marc Chagall

Welcome! Please join us on Monday November, 5th for our **third meeting of the year** at Southgate Community Room. Come a little early (6:45) and bring one piece of artwork to show. But we need to start promptly at 7:00 PM.

Thinking of our soldiers! Our next meeting will be dedicated to making Christmas cards for homeless soldiers at the Veterans' Hospital in Worcester. Beth Butler, Pam Haynes' daughter, will be leading the workshop. Please come and join us in making a Christmas card for a soldier. Beth made "Kits" for us to use under her direction. There is no charge, but a personal monetary donation of any amount is graciously appreciated. Thank you Beth for assembling the Kits and guiding us in making these thoughtful cards.

Beth Butler "got hooked" on paper crafts when she began making a wedding scrapbook about ten years ago. A friend soon introduced her to rubber stamping and she has been busy creating ever since. Beth has taught both scrapbooking and card making classes both in Seattle, WA and upon her return in New England. She has had several cards featured in Rubber Stamp Madness magazine. Beth finds her greatest enjoyment in sharing her creations with family and friends.

DECEMBER –Looking ahead.

We will hold an International Art Holiday Party. The Art Exchange pictures will be handed back and new paper will be available for a new start to this wonderful project.

Incidentally, Joe Rice has worked hard to get us up and running again with a brand new website. Please peruse the site and send him your bio and photos so that he may populate our **Member's Gallery**. It's one more place to advertise your work and get to know your fellow guild members! Great work, Joe!
